

CRIOCM2018

23rd International Symposium on Advancement of Construction

Management and Real Estate

(24th - 27th August, 2018, Guiyang, China)

The Chinese Research Institute of Construction Management (CRIOCM) in collaboration with Guizhou Institute of Technology (GIT) has the pleasure to invite academics, researchers, professionals to participate in CRIOCM 2018, the 23rd International Symposium on "Advancement of Construction Management and Real Estate" in the context of the new era. This symposium aims to provide a platform for sharing the latest achievements, research outputs and advancement between frontier disciplines in China and overseas, offering important reference for advancement of

construction management and real estate in the context of the new era.

This symposium will be held in Guizhou Institute of Technology (GIT), which is located in Guiyang, the provincial capital of Guizhou Province of China. Established as a tertiary education institute in 2013, GIT is a state-run fulltime college offering programs within the main disciplines of Engineering, Science, Management and Economics.

Guiyang, the summer paradise of China, is named as the first national forest city. It is an ideal place for international conferences. The Global Annual Conference of Eco Forum has been held in Guiyang for many times. We welcome you to CRIOCM2018, to Guiyang, the summer paradise!
